Dear guest,

On behalf of family Visočnik, we would like to welcome you on our farm. We are honoured that you have chosen to stay with us and look forward to providing you with a memorable experience.

This accommodation, which you have chosen for your stay is not a hotel or pension. It is our home, where lives our family and we are very happy that we can host you here. Our family consists of mother Viktorija, father Martin and daughters Barbara and Urška. On our mountain farm, which lies on 1121 m above sea level besides our family here live also our animals. At your arrival our dog Doni has already greet you. Around the stables you can find cats. In the stable or in the summer in the fields around the stable you can find cows, goats and hens. In the morning and also sometimes during the day you can hear roosters crowing. More than 20 years we are organic farm, because we can only on this way produce healthy and safe food. In the same time with organic farming we also protect nature and take care of well-being of our animals.

How to live in the nature and with the nature knew also our ancestors. Our farm was first mentioned in »gornjegrajski urbar« in year 1426. In our »kašča« or granary from year 1800 is collection of old tools used by our ancestors. »Kašča« used to be a typical building on the farms in the past. If you would like to know more about our granary, our history and us just tell us and we will be glad to show you the collection and tell you more about family Visočnik from "Mrzli vrh"

If you need anything during your stay we will be pleased to assist you — morning, noon or night! Just knock on the kitchen or reach out to us via call or text at [00386 41 843 254] – also WhatsApp number.

We sincerely thank you for choosing the Farmstay Visočnik and hope that you have a comfortable and pleasant stay.
